Independent Auditors' Report

Board of Directors
High Plains Library District Friends & Foundation
Greeley, Colorado

Opinion

We have audited the financial statements of the High Plains Library District Friends & Foundation (the Foundation), which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended and the related notes to the financial statements (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as of December 31, 2023 and 2022, and the results of its operations and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies:

The accounting and reporting policies of High Plains Library District Friends & Foundation conform to accounting principles generally accepted in the United States. The following summary of significant accounting policies is presented to assist the reader in evaluating High Plains Library District Foundation’s financial statements.

Organization:

The High Plains Library District Foundation (Foundation) was incorporated in 2000 to cultivate information, inspiration and entertainment for our communities by raising funds to sustain and create literacy programs, collection development, technology upgrades and capital improvements for the HPLD libraries. Effective April 4, 2022, its name was officially changed to the High Plains Library District Friends & Foundation (Foundation).

Basis of Presentation:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Net assets and revenue, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Foundation’s management and board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the Statements of Activities.

At December 31, 2023 and 2022, the Foundation did not have any net assets with donor restrictions.

NOTE 1 – Summary of Significant Accounting Policies - Continued:

Cash and Cash Equivalents:

The Foundation considers all demand bank deposits and highly liquid investments with a maturity of three months or less at the date of acquisition to be cash and cash equivalents for purposes of the cash flow statement.

Concentrations of Credit Risk:

The Foundation cash accounts are held at financial institutions at which deposits are insured by the Federal Deposit Insurance Corporation (FDIC). Balances in the bank accounts may, at times, exceed the FDIC insurance coverage.

Investments:

The Foundation records investments at market value. Gains and losses on the sale of investments are based on either the specific cost or average cost of the investments sold. Investments are generally pooled for investment management.

Contributions:

Contributions, including unconditional promises to give, if any, are recorded as received. All contributions are available for unrestricted use unless specifically restricted by the donor. Contributions whose restrictions are met in the same reporting period as donated are reported as contributions without donor restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

The Foundation has adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This ASU clarifies the guidance presented in Topic 958, “Not-for-Profit Entities,” of the FASB’s Accounting Standards Codification for evaluating whether a transaction is reciprocal (i.e. an exchange transaction) or nonreciprocal (i.e. a contribution) and for distinguishing between conditional and unconditional contributions.

Donated Materials and Services:

Donations of used books are not valued until sold. Numerous volunteers donate significant time to program services and special event activities. The value of contributed time, while critical to program activities, is not reflected in the financial statements since it does not meet accounting requirements.

NOTE 1 – Summary of Significant Accounting Policies - Continued:

Tax Exempt Status:

High Plains Library District Friends & Foundation has been granted an exemption from federal and Colorado income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision is made in these financial statements for income taxes.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Expenses:

The Statement of Functional Expenses presents expenses by both their nature and their function for 2023 and 2022. Certain categories of expenses are attributable to program and to management and general functions, and thus require allocation on a reasonable basis that is consistently applied. Personnel costs (compensation, fringe benefits and payroll taxes) are allocated based on estimates of the efforts the staff apply to various programs and functions. Other costs (including facility costs, office expenses, and equipment maintenance and usage) are allocated in the same portions as the personnel costs.

Subsequent Events:

Management has evaluated subsequent events through the date the financial statements were available for issuance, which is the same date as the auditors' report.

Revenue Recognition:

The Foundation has adopted Accounting Standards Update (ASU) No. 2014-09 – *Revenue from Contracts with Customers (Topic 606)*, as amended as management believes the standards improves the usefulness and understandability of the Foundation's financial reporting. Analysis of various provisions of this standard resulted in no significant changes in the way the Foundation recognizes revenues, and therefore, no changes to the previously issued audited financial statements were required on a retrospective basis.

A portion of the Foundation's revenue is derived from cost-reimbursable contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the organization has incurred expenditures in compliance with specific contract or grant provisions.

HIGH PLAINS LIBRARY DISTRICT FRIENDS AND FOUNDATION

NOTES TO FINANCIAL STATEMENTS

DRAFT

NOTE 1 – Summary of Significant Accounting Policies - Continued:

Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the Statements of Financial Position. Special event revenues are recognized when the event occurs.

Payment terms for goods and services to grantors are billed monthly and are typically received in 30 days. In instances where the timing of revenue recognition differs from the timing of the right to invoice, the Foundation has determined that a significant financing component does not exist. The primary purpose of the Foundation's invoicing terms is to provide grantors and contractors with simplified and predictable ways of purchasing products and services and not to receive financing from or providing financing to the grantor.

Practical Expedients: The Foundation does not disclose the value of unsatisfied performance obligations for (i) contracts with an original expected length of one year or less, or (ii) contracts for which the amount of revenue recognized is based on the amount to which the organization has the right to invoice the customer for services performed.

The Foundation expenses costs to obtain contracts as incurred as contracts are generally less than one year. Beginning balances of receivables and contract liabilities as of January 1, 2022 were \$1,295 of grants and contributions receivable and \$13,507 of refundable advances.

NOTE 2 – Endowment:

Board designated net assets include an endowment fund designated by the Foundation's Board of Directors. Designated net assets are invested in perpetuity, the income from which is expendable to support the Foundation's programs and operations.

The Board of Directors of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as generally requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent donor stipulations to the contrary. As a result of this interpretation, the Foundation generally classifies as quasi-endowment net assets (a) the original value of gifts designated to the quasi-endowment, (b) the original value of subsequent gifts to the quasi-endowment, and (c) accumulations to the quasi-endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

HIGH PLAINS LIBRARY DISTRICT FRIENDS AND FOUNDATION

NOTES TO FINANCIAL STATEMENTS

DRAFT

NOTE 2 – Endowment - Continued:

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate quasi-endowment funds:

- (1) The duration and preservation of the fund.
- (2) The purpose of the organization and the quasi-endowment fund.
- (3) General economic conditions.
- (4) The possible effect of inflation and deflation.
- (5) The expected total return from income and the appreciation of investments.
- (6) Other resources of the organization.
- (7) The investment policies of the organization.

The endowment funds may be invested in portfolios of mutual funds, exchange traded funds, individual equity securities (common stock and convertible securities), fixed-income securities, and short-term (cash) investments. As a guide to accomplishing these objectives, the investments shall remain within the ranges provided in asset allocation guidelines.

The Foundation's policy is to diversify funds to best achieve its purpose as stated in this policy. The primary objective of the Foundation and its Board of Directors is to seek a moderate investment approach that values principal preservation but will accept a small degree of risk and volatility to seek a desired degree of appreciation. The Board acknowledges that unfavorable capital markets may persist over periods of unpredictable duration and therefore, maintains a long-term investment horizon. The primary investment objective of the endowment is to achieve a total annual return measured on an average basis, at least equal to the rate of inflation plus five percent (5%).

The Foundation has a policy of appropriating for distribution each year up to 5% of the endowment's market values, as approved by the Foundation's Board of Directors, in accordance with the endowment mission and purpose.

The Colorado Liquid Asset Trust (COLOTRUST), is an SEC Rule 2a7-like investment pool. Investments are valued at the net asset value (NAV) of \$1.00 per share. The investment pools are routinely monitored by the Colorado Division of Securities with regard to operations and investments. COLOTRUST is rated AAAM by Standard & Poor's. The Foundation's interest is measured at NAV.

NOTE 3 – Related Party Transactions:

The Foundation receives, manages, and invests gifts on behalf of the High Plains Library District. In consideration of these services, the District provides workspace and assigns an employee to also be the executive director of the Foundation. For 2023 and 2022, the estimated value of these services was \$48,530 and \$41,300, respectively, and is reported under salaries in the financial statements.

Grants and other payments for the High Plains Library District were \$171,241 and \$115,919 in 2023 and 2022, respectively. District employees donated approximately \$4,877 and \$7,655 to the Foundation in 2023 and 2022, respectively through unused vacation.

NOTE 4 – Information Regarding Liquidity and Availability:

The Foundation strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. Financial assets in excess of daily cash requirements are invested in certificates of deposit, money market funds and other short-term investments.

The following table reflects the Foundation's financial assets as of December 31, 2023 and 2022, reduced by amounts that are not available to meet general expenditures within one year of the Statements of Financial Position date. Amounts not available include board-designated funds that are intended to fund future technological and operational needs and to provide resources for the implementation or expansion of various programs. In the event the need arises to utilize the board-designated funds for liquidity purposes, the reserves could be drawn upon through board resolution.
